Summary:

As a highly motivated Python developer, I excel in writing clean, efficient code and fixing critical bugs. My detail-oriented approach ensures top-notch performance and reliability in software projects. I thrive in creative, problem-solving environments and am committed to continuous learning. With a passion for innovation, I'm eagerto collaborate on cutting-edge solutions. Ready to make a meaningful impact, I bring dedication and skill to any team.

Project:

Face Recognition Using Webcam

Objective: The objective of the project face recognition using webcam is to develop a system that can accurately identify or verify individuals by analysing facial features captured in real-time video streams. Overall, the project aims to create a reliable, efficient and secure face recognition system using webcam technology for applications such as access control and attendance monitoring.

Tools: Python

Education:

P.S.G College of Arts & Science
Master Of Computer Application (MCA)
(JUN2023 - MAY 2025) - 75%

Sree Saraswathi Thyagaraja College
Bachelor OF Business Administration (BBA)
(JUN 2018 - MAY 2021) - 60%

Suburban Hr. Sec School
Higher Secondary Certificate
(JUN 2016 - MAY 2018) - 50%

Government Boyes Hr. Sec School
School Secondary Leavening Certificate
(JUN 2011 - MAY 2016) - 70%

Experience:

Accent Techno Soft (ATS) - Completed Internship on "**Python with Machine Learning** "at ATS (Accent Techno Soft) for 15days duration in April (2024)

Certificate:

- Refinement Software solution

  (Python Developer)
- HackerRank - **(Python Basic)**
- Presented a Paper on "**Security Issues in Cloud Computing**" at the International Conference (RTIICSM-2024)

Technical Skills:

Programming Languages: **Python**

Web Development: **HTML5, CSS3, JavaScript**

Version Control: **Git**

Tools:

VS Code

Jupyter Notebook

Achievements:

- 6 Month MRC Volley Ball Camp in Indian Army (2021-2022)
- Bharathiar University Winners (2019)
- Junior State Winners (2019)

Language:

- English
- Tamil
